

# BUSTE PIATTE

Le buste piatte sono fascettate ogni 100 pz. e posizionate nel cartone prodotte in diverse dimensioni per soddisfare tutte le esigenze.

La stampa avviene esternamente alla parte utile per la sterilizzazione in particolare utilizzando lo spazio posto sulla saldatura tra carta e film. Gli inchiostri certificati ISO 11140 sono a base acqua e atossici con un ottimo cambiamento del colore di viraggio: **STEAM** da rosa a marrone - **EO** da azzurro a giallo/marrone - **FORM** da viola a verde presenti solo sulla saldatura.

Prodotto di Classe I

Flat pouches are packed each 100 pcs and put into carton. Flat pouches are in many sizes in order to satisfy different needs.

Printing is made on the outside of the space used for sterilization, on the weldings between paper and film. The inks we use are certified ISO 11140, water based and non toxic with a clear change in color: **STEAM** from pink to brown - **EO** from blue to yellow/brown - **FORM** from violet to green.

Medical Device Class I
